

Goals

The goal of the IAJHSC Summer Leadership Camp is to enhance your leadership skills while having a great time. During camp, you will be put into councils with many leaders from across the state of Illinois. You will work with this group to accomplish tasks such as making a carnival booth, creating a skit, running successful council meetings, and much more.

The IAJHSC Summer Leadership Camp combines learning new skills and putting them to good use here at camp.

Job Training

There are several activities at camp, but job training is only one, and by far the most informative. You go to job training based on what role you will have at your home school. You learn how to run meetings properly as well as your job responsibilities. You will go through team building activities to build trust. You will also have a mock council where you practice your job in a real life council. You will come home with organization and teamwork skills.

Testimonials from Delegates

“The best thing I’ve learned at camp is that we can’t get anything done without teamwork.”

“The best experience I’ve had is meeting my council and learning how things work in a council.”

“The thing that’s had the biggest impact on me is meeting all the new people”

“Watching Free to be You and Me has been the best experience for me.”

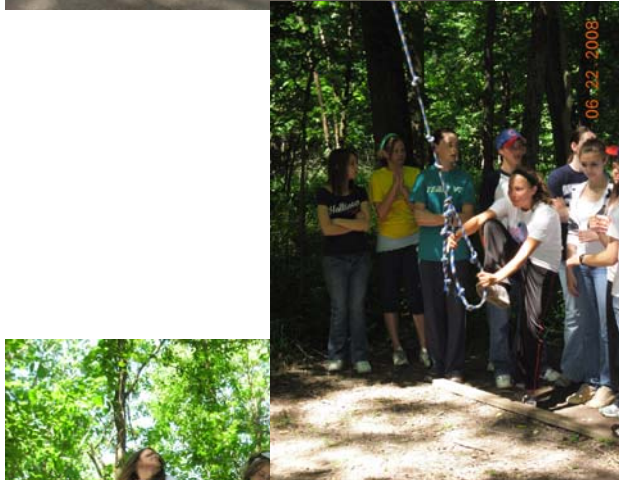

“I love hearing the JC’s stories at campfire.”

“All the council meetings have been the best; it teaches you how to really be part of a student council.”

Activities

There are a lot of activities during recreation time that you are able to participate in. These include: talking to new friends, volleyball, swimming and boating in the lake, playing basketball, archery, soccer, football, and going to the craft house. There is also a camp store where you can purchase t-shirts, shorts, and many other things.
